Hi Victor,

Will you remind me what site it is you are working on?

Thanks,

Sharon

Thanks for your consideration. R4 will keep any documentation you provide confidential if R2 prefers, but we just want to know what actions DOE is taking at BNL vis-à-vis PFAS and CERCLA/FFA.

Sharon:

Thank you for taking the time to speak to me this morning. Please share any correspondence from DOE related to their willing to address their PFAS investigations/actions under the FFA.

This is taken from Slide 20:

DOE **recently submitted the recommendations** to the regulatory agencies to incorporate the new OU and AOCs

- Also provide target dates for submittal of the TCRA documents for the current firehouse and former firehouse plumes
- Characterization report
- Treatment system design plans
